

Genesis JOY House Homeless Shelter, Inc.

2024-2025 Annual Report *Where Home and Hope Begin Again*

Dear Supporters,

Our humble beginnings that started out in community library meeting rooms, as a way to help veterans understand, submit, and receive the benefits they were entitled, has now become a life-changing reality for over 800 veterans, their families and our homeless community. For those of you who are reading this report, from the time it was published, it has been an incredible year of resilience, self-reflection, steadfastness, and hope. Our theme, "Where Home and Hope Begin Again" has been born out of desire and concern to keep fighting for unhoused veterans and our unhoused community.

The respect we have for our devoted volunteers, faithful supporters, reliable individual and corporate donors has grown exponentially. The steadfast support for our unhoused veterans, their children, and their care, especially during a national and global pandemic, received our utmost gratitude.

Your support is a big reason for our continued success. Without you, the future of Genesis would look very different now. For the last two years we have been structuring the organization's personnel, embracing technology, engaging in grant opportunities, and seeking appropriate housing and employment for our unhoused veterans, their children, and our unhoused community.

Just a small recap: Established 501c(3) in April 12, 2012; Received Donated Blighted Property (abandoned 13 years) in October, 2016; Commenced Renovating Property in December 2016; Hosted our 1st Annual Toy Drive for Veterans and Their Children in 2016; Grand Opening on May 24, 2022 - Making History by Creating the First Transitional Housing Facility in the State of Georgia to Exclusively House our Unhoused Female Veterans; Established the Genesis Joy House Resource Center (for our entire community) in 2023.

Our ability to grow, think, respond, adapt, and overcome, during Genesis' most critical times has allowed us to continue our monumental cause to eradicate homelessness among our veterans, their children, and our unhoused community - helping to move them towards self-sufficiency and independence.

Genesis has the leadership team, the foundational support, the foresight, and the humble instinct to remain a viable nonprofit that advocates for veterans. Your continued support has allowed us to remain a solvent, relevant, and proactive community asset.

We understand that nothing can be accomplished without your physical and financial support. We ask that you think of Genesis in your yearly giving. Think of Genesis as our services impact the lives of veterans, their families, and our homeless community. Think of Genesis as we locate permanent housing for our unhoused veterans and their children. Think of Genesis as we provide access to benefits, permanent housing and employment to our veterans, and our unhoused community.

May God richly bless you!
Thank you!

Dr. Margaret Queen-Flowers, Founder

Chelsea C. Crawford, Executive Director

Our Mission

To improve quality of life for unhoused female veterans with many proven programs that break the cycle, creating self-sufficiency and accountability.

Our Mission

To break the cycle of homelessness among female veterans and their minor dependent children by delivering supportive services and resources that create holistic pathways to self-sufficiency and a brighter future.

Our Core Values

God Fearing. Doing the right thing at all times.

Empowerment. Empowering veterans to their full potential.

Need. Supplying a social need to alleviate a deficiency.

Excellence. Operating with a spirit of excellence.

Stewardship. Giving back to our community.

Innovative. Fostering innovation to address social challenges.

Sacrifice. Giving of our time to help those less fortunate.

Humble Beginnings

Since 2011 Genesis has provided a one-stop service center for homeless veterans, veterans currently service, their families and our community. There are no cost associated with these services. Our resource center offer veterans, their families and our homeless community an integrated continuum of care that emphasizes access, quality, efficiency, and compassion.

Our veterans also benefit from resilience, prevention, and recovery training. Since 2011, we have served over 1,500 veterans, their families and our homeless community. Help us double that amount in the two years?

“

There is so much frustration when your brain doesn't work right. You see where you use to be and what you use to be capable of. Now I can't do any of those things.

- US Airforce Veteran - C.B.

”

Nobody wants to say, I can't put a roof over my head. Nobody wants to say, I need help clothing my children. At Genesis, they are bringing our veterans to the next level they need in order to be able to stand on their own.

- US Air Force Reservist

After combat, it can be very difficult to return to your normal self. It can be a real struggle without the right services in place. Genesis gives veterans a second chance.

- Lt. Col. Jessica Chapman

In loving memory and honor of Lemuel Campbell, U.S. Air Force Veteran
who was our ram in the bush when it appeared next to impossible. His 25 years of experience in construction management was utilized in completing our major renovations on the blighted property. His strong support for veterans, the military and their families will have a lasting impact for generations to come. His wise counsel and advocacy will truly be missed!
